

REMIND CODES CLASS OF 2027

Remind Messaging is used by Grade Level Coordinators (GLCs) to communicate with students and parents via text messaging. After signing up, students and parents are able to communicate with their GLCs without their phone number appearing and receive both individual and group messages. This is an important tool GLCs use to share information in a direct and timely manner. **The codes are organized using the first letter of the students' last name.**

WE ENCOURAGE YOU TO SIGN UP TODAY!
